Education

Dress Code Addendum

Sami Halaseh Institute has recently integrated a new dress code! Previously, students were instructed to wear all-black clothing. However, moving on, all students are required to wear solid black scrubs. We prefer this change because it takes the guesswork out of figuring out what to wear each day - it allows them to focus on their education, as well as their hair, makeup, and nails. Our students appreciate the change, as well!

New Graduation Ceremony

SHI is now creating a positive change for our upcoming graduates. In the past, we have had an informal graduation celebration potluck. For all students graduating after our 2022 summer break, we will be performing a more formal graduation ceremony. Moving forward, three ceremonies will be conducted each year. Each will fall on a Monday, with students having the option to attend the ceremony after their official graduation day. We will have guest speakers and hors d'oeuvres, and encourage all guests to wear dressy attire. Students are required to RSVP ahead of time for themselves and the number of guests they will be bringing. We are so excited to start this new tradition!
