Christmas Day

The Institute will be closed the week of Independence Day and from Christmas Eve through New Year's Day.

All dates are subject to change. The school reserves the right to extend holidays or close for staff development by posting a schedule 10 days prior to closure.

### **Time Clock Procedure**

Students may clock in starting at 9:15 am and must enter the student entrance before 9:30 am. Students' time will not begin accruing until educational instruction commences at 9:30 am. Students who do not arrive through the correct entrance before 9:30 am and have not notified the school that they will be tardy will be sent home for the day. All students must take a full 45 minutes for their lunch break. This includes whether they stay on the premises for their lunchbreak. Students must clock out any time they leave SHI premises. Students are contracted for 6.75 hours a day and 33.75 hours a week.

### **Tardy Policy**

Students may clock in as early as 9:15 am but must be clocked in no later than 9:30 am. Students who clock in any time after 9:30 am are considered tardy and will be allowed to attend class for the day ONLY if they notified the school prior to 9:30 that they would be late. If a student clocks in at 10:00 am or later, they will be sent home for the day and marked as absent. If a student will be late, they are to call prior to 9:30 am and inform a School Administrator before 9:30 or be sent home for the day.

Students that have more than five tardy occurrences in a monthly period will be subject to disciplinary action up to and including suspension.

### **Student Absence Policy**

Daily attendance is crucial for student success. In the event that a student will be absent, the student is required to call the school before school begins and speak with a staff member. All students are required to maintain a minimum 85% cumulative attendance record in order to maintain SAP. Please refer to the Satisfactory Academic Progress Policy beginning on page 26 of this catalog. When absences are planned, the Educator or Director must be notified one week in advance of the day the student will be gone and a Time Off Request form must be completed and signed by both the student and the Educator. Students who request time off for a partial day, must be present for at least 3.5 hours or they will be required to be absent for the full day. In the case of habitual absences, a written excuse from a health care provider may be requested.

Each program of study allows a defined number of absent hours without incurring any additional fees, as described below:

- Students enrolled in the Cosmetology program for a total of 1500 hours are allowed 80 absent hours without paying additional fees.
- Students enrolled in the Esthetics program for a total of 1000 hours are allowed 60 absent hours without paying additional fees.
- Students enrolled in the Nail Technology program for a total of 350 hours are allowed

- 20 absent hours without paying additional fees.
- Students enrolled in the Instructor 300 and Instructor 450 programs are not charged for absent hours.

Students in all programs other than the Instructor 300 or Instructor 450, are charged \$11.00 per hour for all hours missed over and above allowed absent hours. This charge must be paid in full before a student's hours are released to the State Board.

Students must be in class or on the clinic floor for ALL program hours for each program. Any time that is missed must be made up in order to complete the program.

Students are only allotted three missed Saturdays for the Cosmetology program, two missed Saturdays for the Esthetics program and one missed Saturday for the Nail Technology program. The student must be present for a minimum of 3.5 hours on a Saturday, otherwise one missed Saturday will be recorded. Upon exceeding the allotted missed Saturdays described above, the student will be suspended for three class days. The dates of suspension will be determined by the administration.

### **Leave of Absence Policy**

A Leave of Absence (LOA) due to such things as prolonged illness or accident, death in the family, or other special circumstances, is a temporary interruption in a student's program of study. LOA refers to the specific time period during an ongoing program when a student is not in academic attendance. The school may allow more than one LOA at its discretion.

Any student requesting an LOA is required to follow the Institute's Leave of Absence Policy.

Students must request an LOA in writing, stating the reason for the leave for approval by the school owner or administrator. All requests must be signed and dated by the student. The LOA request must be submitted in advance unless unforeseen circumstances prevent the student from doing so. For example, if a student were injured in a car accident and needed a few weeks to recover before returning to the institution, the student would not have been able to request the LOA advance.

The institution may grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances, if the institution documents the reason for its decision and collects the request from the student at a later date. In this example, the beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend the institution because of the accident.

After an LOA is approved, the official leave will extend the contract period and maximum timeframe by the same number of calendar days taken during the LOA. An enrollment agreement addendum will be completed upon returning from LOA to extend the ending date by the applicable number of days and will be signed by all parties. There must be a reasonable expectation that the student will return from the LOA. SHI may not assess the student any additional institutional charges because of the LOA. No re-entry fee will be charged if the student returns to class on or before the first class day scheduled after the termination of the LOA. A student granted an LOA that meets these criteria is not considered to have withdrawn and no refund calculation is required at that time.

The LOA and any additional approved leaves of absence may not exceed a total of 180 days in any twelve-month period. All approved leaves will be scheduled to begin on the first class day after the student's last physical day of attendance prior to beginning the leave.

If the student takes an unapproved LOA or does not return by the expiration of an approved LOA, the student's withdrawal date for the purpose of calculating a refund will be the student's last date of attendance.

## **ACADEMICS**

### **Student Academic Advising**

Students are advised regarding progress and achievement monthly. Regular progress

evaluations include advisement regarding the student's progress in attendance, theory, practical skills, communication skills and personal development. Student strengths and areas needing improvement are identified and plans for needed improvement are discussed.

## **CURRICULUM**

### **Program Outlines**

All programs offered by SHI will follow similar procedures regarding instructional methods and grading procedures. Those policies are stated here and considered to be an integral part of each of the program outlines contained in this section of the student catalog.

### **Testing and Grading (All Programs)**

Students are assigned theory study and a minimum number of practical experiences. Theory is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward program completion only when rated as satisfactory. If the performance does not meet satisfactory requirements then the assignment must be repeated. Practical skills are evaluated according to text procedures and performance standards established by the State licensing agency as set forth in the practical skills evaluation criteria adopted by the school. Students will makeup failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

Written and Practical

96% - 100%	Excellent
90% - 95%	Good
85% - 89%	Satisfactory
Below 85%	Does Not Meet Standards

Practical tasks on the clinic floor and in the classroom will be graded on the criteria listed below (unless otherwise specified). Students will earn a score of either 0 or 100. All practical tasks in the classroom setting will not necessarily be graded.

- Student listens to and follows instruction.
- Student demonstrates comprehension/understanding of the relevant procedure and technique.
- Student shows adequate progress and growth in the relevant technique.
- Makeup and failed tests may be taken up to three times to improve grade. After the allotted three times, the exam is no longer eligible for retake and the student must then attend that portion of the classroom curriculum again in order to retake the exam.

### **Required Practical Experience (All Programs)**

Policy and regulatory agencies require students to complete an established number of practical experiences for satisfactory skills development and graduation. Practices may be completed on mannequins, models or clients. The requirements list by category are the minimum experiences that each student must successfully complete prior to graduation. More practices may be scheduled by the Educator based on training needs and clientele volume.

All assignments must be completed by each student as agreed upon in the Enrollment Agreement. Practical assignments are evaluated as completed and counted toward course completion ONLY when rated as satisfactory or better. Practical skills are evaluated according to text procedures and performance standards established by the State licensing agency. The criteria are explained to students and used uniformly when giving practical grades.

Students that refuse assigned practical experiences will be dismissed for the day and will need to make up missed time and perform the practical task upon return to be admitted back into class.

## Instructional Methods (All Programs)

The clock-hour education is provided through a sequential set of learning steps that address specific tasks necessary for State Board preparation, graduation, and entry-level job skills. Clinic equipment, implements and products are comparable to those used in the industry. The program is presented through comprehensive lesson plans that reflect effective educational methods. Subjects are presented by means of lectures, demonstration, and interactive student participation. Audiovisual aids, guest speakers, field trips, projects, activities, and other dynamic learning methods are used for program delivery.

References: A comprehensive library of references, periodicals, books, texts, and DVDs are available to support the program of study and supplement the students' training. Students should avail themselves to the opportunity to use these extensive materials.

## UNITS OF INSTRUCTION AND HOURS

The contents of the units of instruction in each program along with the applicable hours devoted to each unit are listed in the following section of this Program Outline. Health, sanitation, infection control, chemistry, electricity, anatomy, and physiology, the use and safety of products, and the use and safety of tools and equipment are included in both theory and practical study within the applicable units of study. ### **FINANCIAL AID**

SHI is committed to making education accessible to all. We provide financial aid through the Free Application for Federal Student Aid (FAFSA). We help to guide the student through the application process and discuss available options for funding one's education through the Department of Education.

## **Federal Direct Loans**

The U.S. Department of Education's federal student loan program is the William D. Ford Federal Direct Loan (Direct Loan) Program. The U.S. Department of Education is your lender within this program. Schools verify loan eligibility and forward details to the U.S. Department of Education. Loan funds are electronically sent to the school, then credited to the student's account. Repayment with interest goes to the designated U.S. Department of Education servicer post-disbursement.

Eligible students receive estimated loan amounts based on FAFSA and the standard need analysis formula, covering direct institutional costs. Students needing additional funds can request them through the financial aid office. Those using Federal Direct Loans must submit a Master Promissory Note. Student loan borrowers must undergo loan entrance counseling before receiving funds.

A description of the terms and conditions for borrowers of federal education loans is available at [www.studentaid.gov](http://www.studentaid.gov).

## **Federal Subsidized Loan**

Federal Direct Subsidized loans are available to undergraduate students with financial need. The interest is paid by the federal government while students are in school. Interest begins accruing at the time students cease full-time enrollment. Regular payments begin six months after the student ceases enrollment. A fixed interest rate is established annually by the U.S. Department of Education.

## **Unsubsidized Loans**

Unsubsidized Direct loans are available for students to borrow for additional education costs. With the exception of demonstrating financial need and undergraduate status, borrowers must meet all eligibility criteria of the Federal Subsidized Direct Loan program. Interest payments begin immediately after the loan is fully disbursed or may be added to the principal balance. Generally, you may choose to make interest payments on the loan while you are in school or have the interest added to your principal balance (capitalized) when your repayment schedule begins. Regular payments begin six months after the student ceases enrollment.

## **Pell Grant**

The Pell Grant is the largest federal grant program offered that is designed to assist students from low-income households. A Federal Pell Grant, unlike a loan, does not have to be repaid, except under certain circumstances. To qualify for a Pell Grant, a student must demonstrate financial need through the FAFSA form.

## **Federal Parent Plus Loans**

Federal Parent Plus Loans for undergraduate students provide additional funds for credit-worthy parents to help pay for students' educational expenses. If a parent has no credit or a poor credit history, he/she may still qualify for a loan by applying with a credit-worthy endorser. They can be combined with other financial aid resources and cannot exceed the student's cost of education. Interest rates are fixed and established annually by the U.S. Department of Education. Repayment begins immediately after graduation.

## **Professional Judgement**

Professional Judgment, in the context of SHI, pertains to the Institute's discretion to modify, on a case-specific basis, the information provided on the FAFSA. This adjustment allows the Department of Education to reevaluate the Student Aid Index (SAI), which is a critical factor used by educational institutions to determine student's eligibility for need-based financial aid. It's important to note that the school doesn't possess the authority to directly alter the SAI itself or the formula used for its calculation; instead, they can only adjust specific data elements within the FAFSA that may influence the final SAI.

The Professional Judgment process at the SHI is a comprehensive and meticulous procedure

that reviews what, if any, changes may be appropriate based on the FAFSA application. This intricate process includes the following steps:

- A Professional Judgement request must be submitted to the Director of Finance.
- Once the request is received, it will undergo a review process to ascertain the specific documentation that must be submitted. Depending on the circumstances, additional documentation may be deemed necessary. In such cases, the student will be promptly notified either through email or a phone call.
- The Institute will assess whether a student's Professional Judgment request aligns with the criteria that warrant adjustments to their FAFSA data.

Frequently, making an adjustment does not result in an increase in a student's eligibility for grants or the overall amount of awarded aid. SHI retains the authority to decline appeals that do not enhance a student's eligibility for financial assistance. It's essential to note that the Institute's decision is final and cannot be appealed further to the Department of Education.

### **Default Prevention**

Consistently making timely payments on student loans contributes to the development of a strong credit history and mitigates the risk of facing collection activities. Conversely, defaulting on loans carries adverse consequences, such as having a negative impact on credit reports, potential wage garnishment, the withholding of tax returns, being ineligible for new loans, and the school's refusal to release transcripts.

Students learn the function of both federal student loans and the master promissory note during entrance counseling. Entrance counseling underscores the significance of repaying all loans and outlines the repercussions of default.

Exit counseling serves as an opportunity to dispel any misconceptions students may harbor about their loan responsibilities. Students undergo education on comprehending and repaying loans, avoiding default, and prioritizing financial matters. The exit counseling process is a pivotal component of the institution's default prevention plan and is mandatory for all students.

### **Return to Title IV Policy**

SHI conducts Return of Title IV (R2T4) calculations when a student, who has received federal financial aid or qualifies for a late disbursement, withdraws from a program. The Institute is obligated to assess the financial aid received for the payment period to determine the portion of federal aid the student earned. Any unearned federal aid for that period must be promptly returned to the relevant federal aid programs, within a maximum of 45 days from the withdrawal date.

The law specifies that when a student withdraws during a payment period, a specific formula determines the amount of earned assistance from the Federal Student Aid (FSA) program. If you received less assistance than you earned, you're entitled to the additional funds. If you receive more assistance than you earned, the excess funds must be returned.

For determining the amount you owe, you shall be deemed to have withdrawn from the program when any of the following occurs:

- You notify the school of your withdrawal or the actual date of withdrawal;
- The school terminates your enrollment;
- You fail to attend classes for a 14-day period;
- You fail to return from a leave of absence. In this case, the date of withdrawal shall be deemed to be the last date of recorded attendance.

The assistance you've earned is calculated proportionally. For example, if you finish 30 percent of the payment period, you've earned 30 percent of the initially scheduled assistance. Once you pass the 60 percent mark in the payment period or enrollment period, you've earned the entirety of your assistance.

If you received excess funds that must be returned, your school must return a portion of the excess equal to the lesser of:

- Your institutional charges multiplied by the unearned percentage of your funds, or
- The entire amount of excess funds.

If the amount paid is more than the amount owed, then a refund will be made within 45 days of withdrawal. If the amount owed is more than the amount paid, then you will have to pay the amount owed.

Sample Return to Title IV Calculation for Student Who Failed to Return From Leave of Absence and Withdrew From Program:

Program: Cosmetology	Academic Year: 900 hours
Start Date: 4/14/20	Program Length: 1,500 hours
Withdraw Date: 10/9/20	Completed: 174.5 hours
Last Day Attended: 5/22/20	Scheduled as of LDA: 202 hours

Order in Which to Return Funds (Same for all programs)	Hours at Start of Payment Period	Hours at End of Payment Period	Disbursed This Period	Amount Entitled To	Refund Due Now
Unsubsidized Direct Loan	1.0	450.0	\$3,515.40	\$440.20	\$3075.20
Subsidized Direct Loan	1.0	450.0	\$2,064.60	\$2064.60	\$0.00
Direct PLUS (Parent)	n/a	n/a	\$0.00	\$0.00	\$0.00
Federal Pell Grant	n/a	n/a	\$0.00	\$0.00	\$0.00
Total Return to Title IV			\$5,580.00	\$2,064.60	\$3,075.20

(The figures listed above are examples only; actual aid amounts may vary for each student/program.)

After the Institute allocates its portion of unearned funds, the student must return federal financial aid allowed in the same order specified above. The amount of federal financial aid the student is responsible for returning is calculated by subtracting the amount returned by SHI from the total amount of unearned federal financial aid funds to be returned. The student (or parent in the case of funds due to a parent PLUS loan) must return or repay, as appropriate, the calculated amount to any federal financial aid loan program in accordance with the terms of the loan and any federal financial aid grant program as an overpayment of the grant. Any loan funds that you must return, you (or your parents for a PLUS LOAN) repay in accordance with the terms of the promissory note. If you are responsible for returning grant funds, you do not have to return the full amount. The law provides that you are not required to return 50% of the grant assistance that you receive that is your responsibility to repay. Any amount that you do have to return is a grant overpayment, and you must make arrangements with your school or the Department of Education to return the funds. Students are advised that they may owe money to the school if they withdraw, as the Institutional Refund Policy will apply for contract purposes.

**SATISFACTORY ACADEMIC PROGRESS POLICY**

The Satisfactory Academic Progress (SAP) Policy is consistently applied to all students enrolled at the school. It is printed in the catalog to ensure that all students receive a copy prior to

enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

### Evaluation Periods

SHI defines its academic year as 900 hours and 27 weeks. The student's first evaluation for SAP occurs at the midpoint of the academic year or the program, whichever occurs sooner, based on actual hours and weeks as follows:

Cosmetology	450 clock hours & 13.5 weeks, 900 clock hours & 27 weeks, 1200 clock hours & 36 weeks
Esthetics	450 clock hours & 13.5 weeks, 900 clock hours & 27 weeks
Nail Technology	175 clock hours & 5 weeks
Instructor 300	150 clock hours & 4.5 weeks
Instructor 450	225 clock hours & 7 weeks

Transfer Students- Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for SAP. The frequency of evaluations ensures that students have had at least one evaluation at the midpoint of the program.

Evaluations will take place within seven business days following each evaluation period.

### Attendance Progress Evaluations

Students are required to attend a minimum of 85% of the hours possible based on the applicable attendance schedule in order to be considered maintaining SAP. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours attended by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 85% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

### Maximum Timeframe

The maximum time (which does not exceed 118% of the course length) allowed for students to complete each program at SAP is stated below:

PROGRAM	MAXIMUM TIME ALLOWED SCHEDULED HOURS & WEEKS	
FULL TIME: 33.75 HOURS PER WEEK		
Cosmetology	1500 hours	1770 52 weeks
Esthetics	1000 hours	1180 35 weeks
Nail Technology	350 hours	413 12 weeks
Instructor 300	300 hours	354 11 weeks
Instructor 450	450 hours	531 16 weeks
PART TIME: 20.25 HOURS PER WEEK		
Cosmetology	1500 hours	1770 87 weeks
Esthetics	1000 hours	1180 58 weeks
Nail Technology	350 hours	413 20 weeks
Instructor 300	300 hours	354 18 weeks
Instructor 450	450 hours	531 26 weeks

The Institute operates all programs according to a schedule of 900 hours and 27 weeks per

academic year of instruction. The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 85% of the scheduled contracted hours.

Students receiving Title IV funding who are projected to exceed the maximum timeframe as set forth above may be deemed ineligible to receive further Title IV funding and will therefore become responsible for the remaining balance on their account.

### **Academic Progress Evaluations**

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If performance does not meet satisfactory requirements the performance must be repeated. At least one comprehensive practical skills evaluation will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 85% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale (for both written and practical):

96 - 100	EXCELLENT
90 – 95	GOOD
85 – 89	SATISFACTORY
84 and below	DOES NOT MEET STANDARDS

### **Determination of Progress Status**

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making SAP until the next scheduled evaluation. Upon request, students will receive a hardcopy of their SAP determination at the time of each of the evaluations. Students deemed not maintaining SAP may have their Title IV funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

### **Warning**

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making SAP during the warning period. The student will be advised in writing on the actions required to attain SAP by the next evaluation. If, at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, may be deemed ineligible to receive Title IV funds.

### **Probation**

Students who fail to meet minimum requirements for attendance or academic progress after the warning period may appeal the determination. If prevailing upon appeal, the student will be placed on probation and considered to be making SAP during the probationary period. Additionally, only students who have the ability to meet SAP policy standards by the end of the evaluation period may be placed on probation.

Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making SAP. The student will be advised in writing of the actions required to attain SAP by the next evaluation. If, at the end of the probationary period, the student has still not met both the attendance and academic requirements required for SAP or by the academic plan, he/she will be determined as NOT making SAP and, if applicable, will not be deemed eligible to receive

Title IV funds.

### **Re-Establishment of Satisfactory Academic Progress**

Students may re-establish SAP and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

### **Interruptions, Course Incompletes, Withdrawals**

If enrollment is temporarily interrupted for a LOA, the student will return to school in the same progress status as prior to the LOA. Hours elapsed during a LOA will extend the student's contract period and maximum time frame by the same number of calendar days taken while on the LOA and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same SAP status as at the time of withdrawal.

### **Appeal Procedure**

If a student is determined to not be making SAP, the student may appeal the determination within 10 calendar days. Reasons for which the student may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet SAP standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve SAP by the next evaluation point. Appeal documents will be reviewed, and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the SAP determination will be reversed and Title IV funding will be reinstated, if applicable.

### **Noncredit, Remedial Courses, Repetitions**

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's SAP standards.

### **Transfer Hours**

With regards to SAP, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluations are based on actual contracted hours at the institution.

## **COST OF ATTENDANCE**

### **Payment Terms and Extra Instructional Charges**

The student pays the school the tuition and fees for the program in advance upon commencement of the course of study unless other payment arrangements are made and agreed upon by all applicable parties. The school may, at its option and without notice, prevent the student from attending class until the applicable unpaid balance is satisfied. The course has been scheduled for completion within an allotted time frame which provides for a grace period equivalent to 80 hours for Cosmetology, 60 hours for Esthetics, and 20 hours for Nail Technology. For example, the school has added a grace period of approximately 80, 60, or 20 hours into the scheduled contract ending date. Students in the Instructor 300 and Instructor 450 programs are not subject to extra instructional charges.

If a student does not graduate by the contract end date, additional training will be billed at the rate of \$11.00 per hour until graduation. The student's hours will not be released to the State Board or governing agency until full payment has been received or, at the sole discretion of the owner and/or Director of Education, payment arrangements have been made.

## INCOMPLETE ENROLLMENTS

### Withdrawal

Students who choose to withdraw from enrollment prior to program completion must:

- Complete all required exit paperwork.
- Satisfy all debts owed to the school or make satisfactory arrangements for debts to the school as approved by the Administration.

After completion of the withdrawal requirements, the school will submit to the Kansas State Board of Cosmetology the student's name, the apprentice license number, the student's date of birth, and the student's social security number. A student that has not attended scheduled classes (no call/no show) for 14 days, will be unofficially withdrawn from the program. The student will be notified in writing of this withdrawal.

### Transfer Policy

SHI does not recruit students already attending or admitted to another school offering a similar program of study. We do accept transfer students and previous hours provided they meet requirements mandated by the Kansas State Board of Cosmetology. Students wishing to transfer to the school will enter the program level as deemed appropriate by the Institute after completing a scholastic evaluation. Transfer students must comply with the class level assigned and comply with the SAP policy. In addition, such students must meet all regular entrance and registration requirements. If approved for enrollment, tuition will be charged at the hourly rate for the program at the time of enrollment plus the applicable registration/application fee. The following requirements must be met by students who transfer to SHI from another cosmetology school:

- Certified transcript of hours earned and requirements previously on file with State Board.
- Time elapsed between transfer will be considered in determining if student will be accepted.
- Submit to a scholastic evaluation as stated above.
- Meet all standard admissions requirements.
- Pay for the prorated tuition for the contracted hours.

### Refund Policy

For applicants who cancel enrollment or students who withdraw from enrollment, a fair and equitable settlement will apply. The following policy will apply to all terminations for any reason, by either party, including student decision, course or program cancellation, or school closure.

Any monies due the applicant or students shall be refunded within 45 days of official cancellation or withdrawal. Official cancellation or withdrawal shall occur:

- If a student (or legal guardian) cancels his/her enrollment in writing within three business days of signing the enrollment agreement, regardless of whether the student has actually started the training, the applicant is entitled to a refund of all monies paid less the non-refundable \$15 application fee and the \$100 registration fee.
- A student (or legal guardian) cancels his/her enrollment after three business days of signing the contract but prior to starting classes, he/she shall be entitled to a refund of all monies paid to the school less the \$15 application fee and the \$100 registration fee.
- A student notifies the institution of his/her withdrawal in writing.
- A student on an approved leave of absence notifies the school that he/she will not be returning. The date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the student notifies the institution that the student will not be returning.
- A student is expelled by the school. (Unofficial withdrawals will be determined by the institution by monitoring attendance at least every 30 days.)
- For official cancellations or withdrawals, the cancellation date will be determined by the postmark on the written notification, or the date notification is delivered to the school administrator or owner in person.
- In the case that an applicant is not accepted, the applicant shall be entitled to a refund of all monies paid less the nonrefundable \$15 application fee and the nonrefundable \$100 registration fee.
- For students who enroll and begin classes but withdraw prior to course completion (after three business days of signing the contract), the following schedule of tuition earned by the school applies. **All refunds are based on scheduled hours.**

PERCENT OF SCHEDULED TIME ENROLLED TO TOTAL COURSE/PROGRAM	TOTAL TUITION SCHOOL SHALL RECEIVE/RETAIN
0.01% to 04.9%	20%
5% to 09.9%	30%
10% to 14.9%	40%
15% to 24.9%	45%
25% to 49.9%	70%
50% and over	100%

- All refunds will be calculated based on the students last date of attendance. Any monies due a student who withdraws shall be refunded within 45 days of a determination that a student has withdrawn, whether officially or unofficially. In the case of disabling illness or injury, death in the student's immediate family or other documented mitigating circumstances, a reasonable and fair refund settlement will be made.
- If permanently closed or no longer offering instruction after a student has enrolled, and instruction has begun, the school will provide a pro rata refund of tuition to the student OR provide course completion through a pre-arranged teach out agreement with another institution. If the course is canceled after a student's enrollment, and before instruction in the course and/or program has begun, the school will either provide a full refund of all monies paid (less the non-refundable registration and application fees) or completion of the course at a later time. If the course is cancelled after students have enrolled and instruction has begun, the school shall provide a pro rata refund for all students transferring to another school based on the hours accepted by the receiving school OR provide completion of the course OR participate in a Teach-Out Agreement OR provide a full refund of all monies paid

- (less the non-refundable registration and application fees).
- Students who withdraw or terminate prior to course completion are charged a cancellation fee of \$150.00.
- This refund policy applies to tuition and fees charged in the enrollment agreement. Other miscellaneous charges the student may have incurred at the institution (e.g., extra kit materials, books, products, unreturned school property, etc.) will be calculated separately at the time of withdrawal. All fees are identified in the catalog and in the enrollment agreement.

### Collections Policy

If a student graduates, is terminated, or withdraws from SHI, the school shall inform the student of any balance owed. Unless otherwise documented as part of an approved payment plan between the student and SHI, the full balance is due within 30 days of the student's receipt of notification of the balance due. Letters are sent to the student's most recent address on file. If the letter is returned, it will be kept in the student's file and collection procedures will begin.

SHI is committed to using ethical business practices in connection with any collection efforts. Collection correspondence shall reference SHI cancellation and refund policies.

Collection correspondence regarding cancellation and settlement from the institution itself, banks, collections agencies, lawyers, or any other third parties representing the institution clearly acknowledges the existence of the Withdrawal and Settlement Policy.

In the event that the student's enrollment agreement is sold or discount to a third party, such third party shall be required to comply with the cancellation and refund policies set forth in this policy.
